RESIDENZTHEATER
BAVARIAN STATE THEATRE
MUNICH
2019

The Residenztheater is the main venue of the Bavarian State Theatre in Munich. The lighting concept for the redesign of the foyer was created by lighting designer Ingo Maurer: 15 individual powerglass® panels let the new Residenztheater lettering shine with red LEDs, while the "silver cloud," a constantly moving cloud consisting of 3,000 silver threads, floats inside the room.
